Key Takeaways: August 2026

- Leads grew 6.5% YoY to 304 while spend fell 20.2% to \$7,937, after the Invisalign campaign ended last year.
- Cost per lead is \$26.11, down from \$26.25 in July.
- Meta drove 72% of leads at \$11.42 each; Google leads cost \$64.02.
- Next: test reallocating some Google budget to the Meta New Patient Offer while its cost per lead holds.

1 - 1 / 1

Key Takeaways: Meta Ads, August 2026

- Meta drove 219 leads at \$11.42 each on \$2,501 spend.
- All leads came from the New Patient Offer instant form, the cheapest lead source this month.
- Instant-form leads are easy to submit, so lead quality should be checked against booked appointments.
- Next: add a qualifying question to the form and track appointment rate by source.

1 - 3 / 3 < >

Key Takeaways: Google Ads, August 2026

- Google drove 85 leads at \$64.02 each on \$5,436 spend.
- Brand Search: 47 leads at \$22.18, the most efficient Google campaign.
- Emergency Dentist: 38 leads at \$116.21. These are high-intent patients, but expensive.
- Next: tighten Emergency Dentist keywords and ad schedule to bring cost per lead below \$100.
